

Rest Stop Reading from Swarthmore Libraries March 18th, 2007

Current Periodicals get a new home

This week we'll be moving **current** journals out of the periodical stacks and into new shelving above the circulation desk. We hope this will make browsing easier. **Back issues** of journals will remain in the periodical stacks. **Current newspapers and magazines** will remain in the Popular Reading Lounge on the main floor. Please don't hesitate to ask if you have trouble finding anything!

Becoming a librarian

Come meet a diverse group of new librarians who will discuss graduate school and career options.
